

HUB Leaders

As a HUB leader you can organize a group of people to race together—either in-person or remotely—and fundraise on behalf of GRACES. This is a great opportunity for families who live in multiple locations, or businesses, schools and church groups.

Example 1:

Organize a 5K race with you and your friends across the United States!

You will all race individually, but at the same time if you want! You will all receive a personalized donation link. Before the race, you and your friends can email friends and family or post on your social media about the race, or host whatever type of fundraiser you want.

Example 2:

Organize a walk or bike ride with your church to do on May 1st.

You will all receive a personalized donation links and could even have a competition to see who raises the most funds! You can hold a car wash, bake sale or any type of fundraiser raise funds for the organization.
